

Cambridge Certificate Ceremony

In the context of a partnership between the Ministry of education, the University of Cambridge and Cervantis, the students in 10th grade from the English and Spanish euro-caribbean class took the exam of Cambridge English Certificate, the exam of DELE and the exam of German last year. At the beginning of this new year, we were honoured to organize the rewarding ceremony to receive our certificate because we all passed our exam. During this beautiful ceremony which took place on January, 19th in 2018 at Baimbridge, a lot of events were planned to make this moment unforgettable !

To prepare this ceremony we had to mobilize all the eurocar students : years 10, years 11 and also years 12. Thanks to everybody's qualities and talents, we managed to plan many activities such as singing, dancing, playing and quizzing. Our major task was to organize the spinning of the show. Indeed our aim was to create an attractive and lively show for the audience. We also had to organize a tutoring between the year 10 and year 11. And, at the end of the ceremony all the students in year 12 received, finally, their reward for their exam.

The students who passed the DELE exam

2016-2017 Promotion

The DELE is a Spanish Exam

In order to show to the public what we can do with the English and Spanish languages, some students of the eurocar class decided to play music and to do sketch. Firstly, Jénade, Katia, Esther and Héloïse sang two very nice songs in English which were full of emotion. Then Julien play a Chopin's track « Nocturne » on the piano. The Spanish students presented a dramatised poem which were really interesting and the students of 1°L2 (LELE) performed an Oscar Wilde's play « the importance of being earnest ». Finally Katia sang again with Basile who was playing the guitar. And the ceremony finished on a beautiful salsa presented by the salsa club.

Julien playing very well the piano

During the ceremony, the atmosphere was really warm and friendly. Everybody was concentrated. There was something particular in the air that made everything enjoyable and pleasant. When everything was over, we all rushed to the back of the room to share a buffet together. It was concocted by the students themselves. Everybody had a great time while savouring homemade cakes, and gulping down juice and everything.

This ceremony was a success !
