

# Générez des activités avec l' IA en quelques clics

1

Créez un compte sur  Quiz wizard

2

Sélectionnez l'onglet Create content

3

Choisissez votre source :

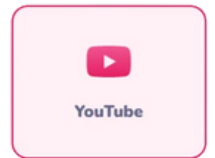

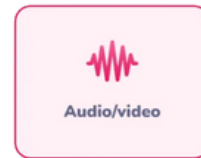

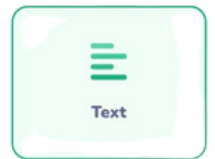

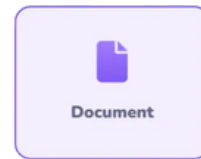

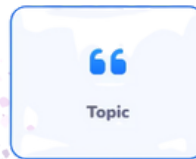

- document,
- thématique libre ,
- vidéo YouTube,
- lien,
- texte,
- audio/vidéo

From which source would you like to generate questions?

The security and confidentiality of your data is our priority and we guarantee that no AI model will be trained with your data. Find out how we protect your information on [our dedicated page](#).

4

Laissez le magicien  traiter la source ...

Give the wizard a document, and it will create questions about its content!

 texte speech anti harcèlement.doc (54 KB)

Narrow down your content by selecting relevant pages: 1 to 2

... et vous proposer différents types d'activités parmi lesquelles vous choisirez les plus pertinentes.

Questions

Generate MCQ or open-ended question statements and associated answers

Flashcards set

Generate a set of double-sided cards to test concepts, definitions, dates...

5

Ajouter/modifier/générez d'autres questions.

+ Add a choice manually

+ Add a question manually

 Generate more content on the same section

☐

Course structure **BETA**

Generate a table of contents, glossary, key concepts and summaries

☐

Multiple choice questions

Generate multiple choice questions, their correct answers and associated distractor

☐

Poll questions

Generate polls with their associated choices

☐

Open questions

Generate open-ended question statements and associated correct answers
