"I want to have an impact and make changes with my music. I don't want to just sing and dance two-time and forget about it soon after. I want to change consciousness."

Lyrics "MUSIC OF THE SUN"

And it's so amazing, oh, how you can't escape it
The movement takes you and never lets you go
[Chorus]
Can't you feel the music in the air?
Close your eyes, let the rhythm take you there
Doesn't matter who you are or where you're from
Come and dance to the music of the sun
Forget about your troubles, it's alright
Let 'em go 'til we see the morning light
Feel the beat as our bodies move as one
Come and dance to the music of the sun (The sun)
Come and dance to the music of the sun, the sun (The sun, yeah)
