HOW TO BECOME PRESIDENT OF THE UNITED STATES

U.S. CONSTITUTION'S REQUIREMENTS FOR A PRESIDENTIAL CANDIDATE

- ✓ NATURAL BORN CITIZEN
- ✓ MINIMUM AGE 35 YEARS
- ✓ U.S. RESIDENT 14 YEARS

START

STEP 1 PRIMARIES AND CAUCUSES

There are many people who want to be President, each with their own ideas about how government should work.

People with similar ideas belong to the same political party, this is where primaries and caucuses come in.

Candidates from each political party campaign through the country to win the favor of their party members.

STEP 2 NATIONAL CONVENTIONS

The presidential candidates campaign throughout the country to win the support of the general population.

At each convention, the presidential candidate chooses a running mate (Vice Presidential candidate).

Each party holds a national convention to select a final presidential nominee.

IN A PRIMARY
Party members vote for the best candidate that will represent them in the general election.

IN A CAUCUS
Party members select the best candidate through a series of discussions and votes.

STEP 3 GENERAL ELECTION

... And I approve this message.

People in every state across the country vote for one President and Vice President.

When people cast their vote, they are actually voting for a group of people called **electors**.

STEP 4 ELECTORAL COLLEGE

In the electoral college system, each state gets a certain number of electors based on its representation in Congress.

Each elector casts one vote following the general election, and the candidate who gets more than half (270) wins.

The newly elected President and Vice President are inaugurated in January.
